## MR Prostate

Reporting timeframes  
to meet your needs

**15+**  
**YEARS**

successful delivery to  
over 100 NHS Trusts

Dual and multiparametric analysis reporting of Prostate MRI to the latest PIRADS standards using TeraRecon software.

[www.medica.co.uk](http://www.medica.co.uk)

# What you can expect from Medica:

## Reporting process:

All reports are provided directly back into your local reporting system. Reports are made with access to all wider patient information, reports and imaging.

## Implementation:

Deployed within the standard elective reporting service. There will be a small number of actions to ensure exams are identified, reconstructed correctly and that a suitable reporting panel is applied.

## Software:

Medica use TeraRecon iNtuition for reporting MRI Prostate exams. This is fully integrated with the Medica PACS and provides a seamless experience for reporters to access a wide range of advanced visualisation tools that the solution provides.

## Ongoing support and service management:

- Overseen by our service development team
- Hands-on clinical leadership
- Dedicated account manager
- IT support throughout
- Monthly performance reporting

## Audit:

All reporting is continuously audited. For reporters in this service the normal audit rate is 5%. Medica appoint suitably qualified and experienced auditors to review performance.

We have a friendly team of account managers based across the UK who would love to hear from you. Meetings can be held at your convenience; over the phone, video call or in person at your hospital.
