PET CT and Nuclear
Medicine

Reporting timeframes
to meet your needs

20+
YEARS

successful delivery to over
100 NHS Trusts

Reporting of PET CT and a range of nuclear medicine
examinations and working under the delegation of the
local ARSAC licence holder.

www.medica.co.uk

What you can expect from Medica:

Radiologist credentialing criteria:

- Specialist PET CT/NM training - dual trained preferred
- MDT attendance
- Preferred ARSAC licence holder
- Completion of written PET CT experience assessment

Reporting process:

All reports are provided directly back into your local reporting system. Reports are made with access to all wider patient information, reports and imaging.

Software:

Medica use Mirada XD for PET CT reporting. This dedicated software provides our specialist reporters with the tools required to automatically fuse the image data and to identify/track lesions.

Implementation:

Deployed within the standard elective reporting service. There will be a small number of actions to ensure exams are identified, reconstructed correctly and that a suitable reporting panel is applied.

Ongoing support and service management:

- Overseen by our service development team
- Hands-on clinical leadership
- Dedicated account manager
- IT support

Audit:

All reporting is continuously audited. For reporters in this service the normal audit rate is 5%. Medica appoint suitably qualified and experienced auditors to review performance.

We have a friendly team of account managers based across the UK who would love to hear from you. Meetings can be held at your convenience; over the phone, video call or in person at your hospital.
